TRANSPORTATION SAFETY SERVICES – Daphne, AL **2002 to Present**
TSS CONSORTIUM & TESTING SERVICES – Daphne, AL **2014 to Present**
TRANSPORTATION COMPLIANCE EXPERTS – Orange Beach, AL **2018 to Present**

- Provides guidance and outsourcing options to the transportation industry regarding safety and compliance matters related to the enforcement of the Federal Motor Carrier Safety Regulations (FMCSRs) and applicable state fleet safety laws.
- Provides outsourcing solutions to small and medium-sized fleets that would otherwise be unable to retain staff with adequate knowledge of the safety ratings to administer day-to-day safety and compliance matters.
- Coordinates a comprehensive substance testing consortium that provides support during the administration of client drug and alcohol testing programs. Arranges pre-employment, random, reasonable suspicion, and post-accident testing for clients as a certified DOT Third-Party program administrator using a nationwide network of collection sites.
- Responsible for performing FMCSA mock audits that are consistent with DOT standards, methodology, and protocols. Arranges and leads during preparations for clients leading into FMCSA audit events. Provides expert representation during FMCSA audits as they occur.
- Serves as a subject matter expert regarding the application and interpretation of the FMCSRs to transportation industry partners, including legal counsel. Provides deposition and trial testimony on a broad array of issues related to the application of the FMCSRs and applicable state safety regulations.

Special Agent / Motor Carrier Safety Specialist **1989 to 2002**
U.S. D.O.T. FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

- Recruited by the USDOT as part of FMCSA's "Outstanding Scholar" hiring authority.
- Field safety and compliance specialist responsible for performing safety audits and compliance evaluations for commercial transportation facilities, regulated shippers, and other stakeholders in the trucking industry. Performed thousands of regulatory compliance evaluations and assigned safety ratings to motor carriers, and recommended enforcement penalties, including fines and operations out-of-service orders as appropriate.
- Participated as a member of the regional investigator "dream team" in FMCSA's Southern Service Center, many times as the lead investigator, in high-profile investigations or other audit instances of major significance to the agency.
- Served as an expert and advisor to FMCSA's Hazardous Waste Technical Assistance Group (TAG) regarding medical and infectious waste in the transportation stream. Drafted, proposed, and established agency policy regarding the treatment of medical waste during compliance review evaluations

nationwide involving medical waste transportation.

- Responder to FMCSA accident sites for purposes of public relations for FMCSA and to gather pertinent information regarding the compliance of drivers and vehicles with applicable safety laws from which compliance evaluations would be coordinated.
- Safety specialist and area manager for multiple metropolitan areas within Alabama historically, with responsibility for all public relations, compliance evaluations, and state Motor Carrier Safety Assistance Program functions in each area. Recipient of the "50/2010 Commitment to Safety Award" in 2001 for the administration of safety programs in Birmingham, AL, the area with the nation's highest accident fatality reduction rate during the year.

Education

B.S., Accounting, 1989, Bob Jones University, Greenville, SC
